

# A message from the Jewish Leadership Council

**We**, as members of the JLC believe the current increase in anti-Israel boycott activity is very serious and we are making it a priority. We need you to do the same.

Our unified response is the "Stop the Boycott" campaign, launched in partnership with BICOM and the Fair Play Campaign Group (created by the Board of Deputies and the JLC).

We are particularly sensitive to the impact this situation may have on Jewish students and have conveyed the depth of this concern to the Government.

Our campaign has already gained support from Gordon Brown, Tony Blair, David Cameron and Sir Menzies Campbell.

As the lay leaders of the major institutions of our community we have committed to ensure that this campaign is properly resourced and supported. However, that is not enough on its own.

We need you. This campaign requires full involvement and partnership across the entire community. Please get involved and offer your support in any way that you can.

We will not stand by and allow the State of Israel to be delegitimised in this manner. We will not allow anti-Israel discrimination to be institutionalised in academia or elsewhere. Nor should you.
